PROFILE

Software Development Engineer with 4+ years of software development experience, including hands-on React Native and React development. Experienced in building reusable, responsive user interfaces, integrating RESTful APIs, optimizing application performance, maintaining production codebases, and troubleshooting software issues. Strong foundation in JavaScript, TypeScript, Node.js, SQL/NoSQL, testing, Git, CI/CD, Agile development, and AI-assisted development workflows.

HIGHLIGHTS OF QUALIFICATIONS

- **Mobile & Front End:** React Native, ReactJS, JavaScript, TypeScript, HTML5, CSS3, Responsive UI, Reusable Components, UI/UX
- **Backend & APIs:** Node.js, Express.js, RESTful APIs, SQL, NoSQL, SQL Server
- **Development & Quality:** Git, CI/CD, Testing, Integration Testing, Debugging, Performance Optimization, Production Support
- **Development Practices:** Agile, Code Review, Clean Code, Reusable Architecture, AI-Assisted Development, Automation
- **Languages:** JavaScript, TypeScript, Python, C#, C++

WORK EXPERIENCE

Web Developer | Sandman Media Inc., Vancouver, Canada Jan 2026 – Apr 2026

- Developed a PHP extension/plugin rendering live stock charts for public companies.
- Built and deployed a complete responsive website, optimized for performance across devices.

Software Developer (React Native) | Ux-Qode Pvt. Ltd., Lalitpur, Nepal Jun 2024 – Dec 2024

- Maintained and extended enterprise-grade application features using **React Native, JavaScript, and SQL Server**.
- Developed reusable mobile components following established coding standards; integrated app functionality with backend data and services.
- Automated recurring backend processes to support scheduled workflows and reporting.

Software Developer | Innovate Nepal Group, Kathmandu, Nepal Dec 2023 – Jun 2024

- Enhanced front-end UI modules and **RESTful API integrations** across multiple software products.
- Improved application stability through **integration testing, debugging, and API optimization**.
- Collaborated with development and QA teams to deliver iterative improvements.

Front-End Developer | NEXT NEPAL Pvt. Ltd., Kathmandu, Nepal Jan 2022 – Nov 2023

- Built reusable **React Native components** and optimized rendering performance to improve responsiveness.
- Developed responsive front-end functionality using **React, JavaScript**, and modern web development practices.
- Implemented UI/UX feedback with design and QA teams; resolved production bugs.

PROJECTS

Kumari Capital Limited — Mutual Fund Investment Platform | kumaricapital.com, Aug 2024 – Dec 2024

- Built responsive dashboards and user-management functionality using **React, React Native, TypeScript, and Node.js**.
- Improved backend API performance by approximately **30%** through query optimization and caching strategies.
- Applied performance optimization and clean-code practices to improve application responsiveness.

Suyatra — Hotel Booking System | suyatra.com.np, Nov 2023 – Jul 2024

- Designed and developed a full-stack booking platform using **React and Node.js**.
- Integrated secure authentication and booking workflows with backend services.
- Implemented backend workflows for authentication, session management, and booking operations.

EDUCATION

Master of Science in Applied Computer Science — Fairleigh Dickinson University, Vancouver, BC | Jan 2025 – Aug 2026

Bachelor of Engineering in Communication and Information Engineering — Tribhuvan University, Kathmandu, Nepal | Jul 2018 – Aug 2023
